Profile

I am pursuing a bachelor's degree in Management Information Systems at İzmir Bakırçay University. Through several roles in the university's MIS Club (YBST), I have gained experience in event management, event planning and social media coordination. I am developing my skills in data analysis and organizational strategy; my main professional interests are business analysis and business development, and my goal is to become a project manager. I also use AI tools to build AI assistants for daily tasks, games and applications.

Experience

Campus Ambassador — İzmir Veri Topluluğu (İzmir Data Community)
